

Kookie Kutter Snappy Q &As

Q Why are Kookie Kutter Ginger Snaps so good?

A We bake them from scratch using a 100-year-old recipe. We take the same care and use the same ingredients grandma would – no preservatives or additives. Crisp and spicy, our famous Snaps complement a cold glass of milk or a hot cup of tea.

Q Why are they so good for you?

A Research has shown ginger to be a powerful antioxidant, and it's good for your heart. So is the canola oil we use. That's why a local cardiovascular specialist recommends Kookie Kutter Ginger Snaps to his patients. Get your ginger in a snap!

Q Where can I try them?
