

NOTICE

Registration of Undertaking
Environmental Impact Assessment Regulation
Clean Environment Act

Opportunity for Public Comment

On September 21st, 2017, the Town of Sackville registered the following project with the N.B. Department of the Environment and Local Government (NBDELG) in accordance with Section 5(1) and Schedule "A" of the Environmental Impact Assessment Regulation: Lorne Street Reconstruction and Storm Water Mitigation Phase 2.

The purpose of the proposed undertaking is to construct two (2) stormwater retention ponds, a new Aboiteau structure, including a new discharge channel to store and transport stormwater flows that would normally flood the Lorne Street area and redirect them to the Tantramar River. The project is located on properties within the Town of Sackville, on a flood plain, between Lorne Street and the Tantramar River.

The proponent's registration document can be examined at the following locations:

- Sackville Public Library, 66 Main Street, Sackville, NB, E4L 4A7;
- Sackville Town Hall, 31 Main Street, Sackville, NB, E4L 1G6;
- NBDELG (Regional Office), 355 Dieppe Blvd., Suite C, Dieppe, NB, E1A 8L5;
- NBDELG, Sustainable Development and Impact Evaluation Branch, 3rd floor, 20 McGloin Street, Fredericton, NB, E3A 5T8;

Any comments should be submitted directly to the proponent, on or before December 5th, 2017, at 3:00 pm, at the following locations:

- Dwayne Acton, Town Engineer, Town of Sackville, 101 Crescent Street, P.O. Box 6191 Sackville, NB, E4L 1G6 or d.acton@sackville.com;
- During the Public Meeting to be held on Thursday, November 23rd, 2017 from 7:00 pm to 9:00 pm in Council Chambers at Town Hall, 31 Main Street, Sackville, NB, E4L 1G6.

Additional information about the proposal and the public involvement process is available at http://www2.gnb.ca/content/gnb/en/departments/elg/environment/content/environmental_impact_assessment/1476.html
